著者:Margaret Killjoy (Author, Editor)

出版者:Combustion Books

出版时间:2011-12-1

装帧:

isbn:9780983497158

Although steampunk has been around as a genre since the 1980s, it came into its own as a subculture and artistic movement in the mid-oughts of the twenty-first century. In these first issues of Steampunk Magazine, some out of print for years, there are articles

and interviews on music, fashion, politics, history, and mad science. Groundbreaking steampunk fiction and breathtaking illustration run beside bizarre philosophy and manifestos. Learn to etch copper, to build a pennyfakething from an old bike or a jacob?s ladder from trash. Discover vertical windmills or sew a pair of spats. Here collected now are over 400 pages of awesome steampunkery. SteamPunk Magazine has always been known for keeping the punk in steampunk, for being willing to celebrate steampunk subculture as a part of the global counterculture. Includes contributions from Michael Moorcock, Alan Moore, Ann & Jeff Vandermeer, Jake von Slatt, and many more essential names in steampunk!
