Dave Stevens' "The Rocketeer" was an instant hit the moment it hit the spinner rack in the early 1980s. Stevens' lush and distinctive artwork and fun, action-driven story was inspired by the adventure pulp novels of the era "The Rocketeer" was set in. Stevens produced only two "Rocketeer" graphic novels - collected to much acclaim by IDW - and his life was tragically cut short when he succumbed to Hairy Cell Leukemia. Now, with the full cooperation of the Stevens estate, IDW is pleased to present new interpretations of "The Rocketeer" by some of today's finest talents. So, pull up a chair, sit down a while, and discover "The Rocketeer" all over again.

Wanna-be-period. Some are pretty good that actually transcend the time period it was set in but some are just meh.
