# Cocoa and Objective-C Cookbook

[Cocoa and Objective-C Cookbook_下载链接1_](#)

著者:Jeff Hawkins

出版者:Packt Publishing

出版时间:2011-7-1

装帧:Paperback

isbn:9781849690386

Written in a cookbook style, this book offers solutions using a recipe-based approach. Each recipe contains step-by-step instructions followed by an analysis of what was done in each task and other useful information. The cookbook approach means you can dive into whatever recipes you want in no particular order. This book is perfect for the Mac OS X Cocoa developer who is ready to move beyond the basics and dive into more advanced Cocoa topics. The cookbook format lets you jump right into the examples without the lengthy explanations you often find in other books. Basic familiarity with Cocoa and Objective-C development is required.

作者介绍:

Jeff Hawkins has been developing software solutions and applications for 19 years. He has worked for Adobe Systems supporting third-party developers writing plug-ins for FrameMaker on the Macintosh, Windows, and Solaris platforms. He also has worked for a startup delivering prime-time television shows via satellite to television stations across the United States. Jeff currently works in the Tools and Architecture group for ADP Inc. designing and coding solutions for enterprise payroll systems. Jeff has extensive experience working with C, C++, Objective-C, Java, and JavaScript. In his spare time, Jeff enjoys working with Apple's iOS developing mobile applications and games. Jeff is also a private pilot with a seaplane rating and has built and flown his own Van's RV-8 airplane.
