装帧:Hardcover

isbn:9781405373692

This title offers a breathtaking and inspirational exploration of planet Earth. From the fiery mass of the Earth's core to the tip of the highest ice-capped mountain, explore every aspect of our planet in awe-inspiring photographic detail with the "Illustrated Encyclopedia of the Earth". Visit 400 of the tallest, longest, widest, most significant and most unusual physical features on Earth, from volcanoes, deserts and rivers to weather

systems, rocks and minerals. Then take a look at the health of our planet and discover about the interaction between people and the environment. This is a new compact edition of Earth.
