Recounting her own field experiences in Japanese-American relocation centers during World War II and later in American Indian communities, Rosalie H. Wax offers advice to help the beginning field worker anticipate and confront the exigencies and accidents of fieldwork with good nature, fortitude, and common sense. "Doing Fieldwork" is a useful book in many respects: as a guide to participant observation and ethnographic fieldwork; as an analysis of the theoretical presuppositions and history of fieldwork; as a discussion of contemporary issues in social science research; and simply as an entertaining and dramatic story.
