" the definitive guide to the theories and concepts that make up the dynamic field of translation studies", 先从这本开始，然后才进入奈达雅各布森这些人。

复试参考书

To write a textbook, Jeremy tried to strike a balance among all these theories, but this attempt brings a quite unpleasant reading experience, for there are just too many self-contradictory statements. The essence is buried in the mess of jargons. I'm very much confused.
