Two strengths distinguish this textbook from others. One is its presentation of subjects in the contexts where they occur. Students see different perspectives on subjects and learn how complex and dynamic the mergers and acquisitions environment is. The other is its use of current events. Of its 72 case studies, 3/4 are new or have been updated. The implications of Dodd-Frank and US Supreme Court rulings affecting the Sarbanes-Oxley Act, among other regulatory changes, are developed to enhance teaching and learning experiences. Other improvements to the 6th edition have shortened and simplified chapters, increased the numbers and types of pedagogical supplements, and expanded the international appeal of examples. With a

renewed focus on empirical and quantitative examples, the 6th edition continues to demonstrate how people work together on mergers and acquisitions and why the actions of specific individuals have far-reaching implications. Presents an integrated approach to the activities involved in mergers, acquisitions, business alliances, and corporate restructurings. All chapters have been revised, updated, and contain new content, and 14 include more extensive changes. Structural revisions make chapters more streamlined, shorter, and less complex. Case studies cover a dozen industries, and 75% are new or have been updated. All include discussion questions and answers.

嗷嗷 谁要二手的？很新哒~~

-----  
系统全面地介绍M&A流程，看完后还可以接着读Firm Valuation更深入地从金融方向了解下

-----  
A nice reference book. The cases included are inspiring and up-to-date.

-----  
PART I整体介绍 II M&A process 走一遍 III Valuation 那块比前一本好点，但没有Damo的书好。Part IV 看得有点草草带过
