"Iron Man" chronicles the story of both pioneering guitarist Tony Iommi and legendary

band Black Sabbath, dubbed "The Beatles of heavy metal" by "Rolling Stone." "Iron Man" reveals the man behind the icon yet still captures Iommi's humor, intelligence, and warmth. He speaks honestly and unflinchingly about his rough-and-tumble childhood, the accident that almost ended his career, his failed marriages, personal tragedies, battles with addiction, band mates, famous friends, newfound daughter, and the ups and downs of his life as an artist. Everything associated with hard rock happened to Black Sabbath first: the drugs, the debauchery, the drinking, the dungeons, the pressure, the pain, the conquests, the company men, the contracts, the combustible drummer, the critics, the comebacks, the singers, the Stonehenge set, the music, the money, the madness, the metal.
