What if Darth Vader took an active role in raising his son? What if 'Luke, I am your father' was just a stern admonishment from an annoyed dad? In this hilarious and sweet comic reimaging, Darth Vader is a dad like any other- except with all the baggage of being the Dark Lord of the Sith. Celebrated comic artist Jeffrey Brown's delightful comics give a fresh twist to classic Star Wars TM moments, presenting the trials and joys of parenting through the lens of a galaxy far, far away, including lightsaber baseball practice, using the Force to raid the cookie jar, and Take Your Child to Work Day on the Death Star ('Er, he looks just like you, Lord Vatern, and the special bond shared between any father and son.
