isbn:9780137085514

In a straightforward approach, Hanania Benklifa provides readers the practical knowledge needed to trade options conservatively in *Profiting with Iron Condor Options: Strategies from the Frontline for Trading in Up or Down Markets*. The objectives are simple: make 2%-4% a month staying in the market as little as possible. Market experts use option condors to consistently earn monthly returns while trading conservatively and staying in the market as little as possible. Benklifa--who manages \$10+ million in condor trades each month--shows you exactly how to run these trades and earn these returns, delivering all the details you need to master every nuance of this remarkable strategy. Benklifa shares option condors examples using market realities, not oversimplified abstractions. You'll learn how to handle real-life market dynamics that can dramatically impact results, including rising and falling volatility, changing bid-ask spreads, and distorted call parity. You'll learn how to profit in the sideways markets where condor options are most widely used--and also in extreme-trending markets that offer their own surprising opportunities. Traders who focus on a specific type of trade have a history of outperforming stock pickers and directional investors. This book will give you that deep and usable level of knowledge about one of today's most well-proven strategies: option condors.

对个人投资者来说最好的期权投资组合策略。反复看，一定有收获。另外，TastyTrade上很多很棒的视频可以参考。

相比于他后来的thinking这本书，这本书在深度上要差一些，同时，作为一个非常实用的方式，完全可以做到更专注更简练的。不过，期权方面我目前读了这么多，他肯定是最有深度的。其他的都是写一些字典而已。

这书discretionary的因素挺强。让我写个言简意赅的总结。

中文版翻译太差 看原版收获很大
