

# Getting Started with CouchDB

[Getting Started with CouchDB 下载链接1](#)

著者:MC Brown

出版者:O'Reilly Media

出版时间:2012-2-7

装帧:Paperback

isbn:9781449307554

This concise guide contain everything you need to begin storing and retrieving information through CouchDB. You'll learn the basic of this document-oriented database, including its simple model for storing, processing, and accessing data.

CouchDB is ideal for real-world items, such as contacts, invoices, and receipts, but you'll discover that this database can easily handle data of any kind.

-----

花了一下午的时间读完了，像是一个Tech Talk，讲了一些基本的信息，但是感觉还不够深入～～

-----  
There aren't example data in this book for the last chapter
