"Classical Literature: An Introduction" provides a series of essays on the essential aspects of Greek and Latin literature. In conjunction with contextualizing introductions, the material is presented chronologically, by genre and, where appropriate, by author. The book ranges from Homer to the Roman Empire and includes a chronology of ancient literature, maps, lists of Greek and Roman authors and suggestions for further reading. The collection will be essential for students and others who want a structured and informative introduction to the literature of the classical world.
